Professional Summary

3rd-year Software Engineering student at Sakarya University with a strong academic foundation in software development and problem-solving. Experienced in developing academic and individual projects using **C++, Java, C#, and Python**. Adept at implementing **Object-Oriented Programming (OOP)** principles and designing efficient algorithms. Passionate about continuous learning and eager to contribute to large-scale professional projects through a Summer 2026 internship.

Education

Sakarya University | *B.S. in Software Engineering (English)* | 2024 – Present
Burdur Ercan Akin Science High School | 2019 – 2023

Technical Skills

- **Programming Languages:** C++, Java, C#, Python, SQL.
- **Technologies:** Spring Boot, .NET Core (Basic), JDBC.
- **Core Competencies:** Object-Oriented Programming (OOP), Data Structures, Algorithm Design, Version Control (Git/GitHub).

Experience

Since a young age, I have had the opportunity to gain diverse work experience by working in various local businesses, which helped me develop a strong professional work ethic and adaptability. In the field of software engineering, I have actively participated in numerous individual and group projects as part of my university curriculum. Additionally, I have been involved in the development of small-scale independent applications. I am highly motivated to acquire new knowledge and gain professional experience in the technology sector.

Languages

- **Turkish:** Native
- **English:** Upper-Intermediate (Academic Professional)
