

RAUF KUTAY AKYILDIZ

JUNIOR SOFTWARE DEVELOPER

05394155526 | akyildizkutay@gmail.com , [Linkedin](#) , [Github](#)

PROFILE

Junior Software Development student at Yeditepe University focused on modern mobile development (Android/Kotlin, Jetpack Compose, Flutter) and backend development with Spring Boot microservices. Hands-on internship experience building Android features, API integrations, and local persistence with Room, plus academic support experience as a Teaching Assistant. Built projects (EventPlanner, InvenTech) using tools like Firebase, RabbitMQ, and SQL/NoSQL databases; currently deepening foundations in data-driven development.

PROFESSIONAL EXPERIENCE

Sales & Software Dev Intern , Koluman Motorlu Araçlar A.Ş Feb 2026 to Present
Sancaktepe/İstanbul

Mobile Developer Intern, ElephantApps Jun 2025 to Aug 2025
Kozyatağı/İstanbul

Currently contributing to the development of Android applications using Kotlin and Jetpack Compose. Working closely with the mobile team to implement new features, fix bugs, and improve app performance. Actively involved in integrating APIs, managing local data with Room, and applying best practices in UI/UX design and modern Android architecture. This internship is enhancing my practical skills in real-world mobile development workflows and team collaboration.

Teaching Assistant (TA), Yeditepe Uni Feb 2025 to Jul 2025
Ataşehir/İstanbul

Provided academic and technical support to students in core programming and algorithm courses (CIS-111, CIS-112, CIS-114). Assisted in lab sessions and offered one-on-one help through the HelpDesk, simplifying complex concepts and enhancing student understanding. Strengthened teaching, communication, and problem-solving skills through continuous interaction with students.

Intern, DenizBank Mar 2024 to Apr 2024
Online

EDUCATION

Yeditepe University Sep 2022 to Jul 2027
