ABOUT ME

- Second-year Computer Engineering student with a strong interest in Machine Learning and Artificial Intelligence, motivated to gain practical experience through internships, contributing to innovative projects while developing collaborative and organizational abilities.

EDUCATION

Middle East Technical University | 2024– present
HIGH HONOR STUDENT

PROJECTS

“MY INTEREST” WEB PAGE (September 2025)

- Developed and coded a practice portfolio website from scratch using HTML for structure, CSS for styling, and JavaScript for interactive elements.

STOCK MARKET SIMULATION (June 2025)

Project Supervisor | Res. Asst. Emre Külâh , Middle East Technical University

- Developed a stock market simulation in C featuring dynamic creation of people, companies, and order books.
- Implemented linked-list-based order matching with support for partial/full trades, using dynamic memory management and pointer operations.

CERTIFICATES

Supervised Machine Learning:
Regression and Classification | 2025
Coursera

Let’s Transform with Artificial
Intelligence | 2025
Kodluyoruz

Supervised Machine Learning:
Advanced Learning Algorithms | 2025
Coursera

BASIS OF DEEP LEARNING | 2024
Google Developer Groups AI&ML

SKILLS

- Python Programming Language
- C Programming Language
- Linux

LANGUAGE

- English (Advanced)
- German (Basic)
- Turkish (Native)
